For: SYSTEM FOR OPTIMISING THE PRODUCTION PERFORMANCE OF A
MILK PRODUCING ANIMAL HERD

CORRECTION OF PATENT DRAWINGS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

RECEIVED

NOV 10 2003

Sir:

GROUP 3600

Supplemental to the Amendment Under 37 C.F.R. 1.111, filed on October 22, 2003, Applicants request the approval of an amendment to Figure 1, and entry into the record of the corrected Figure 1.

Please amend Figure 1 of the drawings as set forth in the corrected version provided herein. It has come to Applicants' attention that Figure 1, as submitted on October 22, 2003, had a small error, i.e., double lines in some of the boxes of the Figure, which were not present in the formerly submitted and approved drawings. This is a minor error that inadvertently arose during preparation of formal drawings. Applicants enclose a copy of Figure 1 with the amendments indicated in red ink. Applicants also enclose a corrected, formal Figure 1.

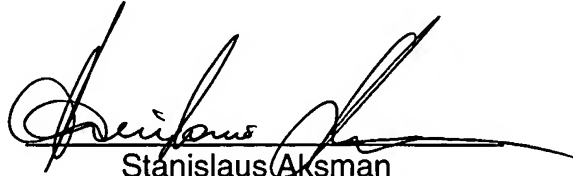

Applicants respectfully request approval of the amendments, and entry into the record of the corrected Figure 1, and the use of the corrected Figure 1 in all future proceedings in this application.

Applicants believe that no fees are necessary in connection with this request for drawing correction. If any fees are needed, the Commissioner is hereby authorized to charge our Deposit Account No. 50-0206.

Respectfully submitted,
HUNTON & WILLIAMS
